Labor & Human Rights Policy

Aligned Automation is committed to upholding and promoting labor and human rights as an integral part of our corporate culture and business operations. We believe that respecting and safeguarding the rights and dignity of our employees, stakeholders, and all individuals we interact with is a key component of sustainable business growth. This policy reflects our dedication to preserving individual rights, outlining our approach to ensuring their protection across our operations and our value chain.

Scope

This policy applies to all of Aligned Automation's internal and external stakeholders across our own operations and our value chain. Each member of our organization is a crucial contributor to the collective effort in executing this policy, which is designed to address a spectrum of labour and human rights issues. Their involvement is key to the creation of a work environment that adheres to the principles and measures outlined below, while also prioritizing stakeholders' interests.

Principles

The Labor and Human Rights Policy of Aligned Automation encompasses the following principles:

- Provide equal employment opportunities without discrimination, complying with local laws
- Zero tolerance to child labor, forced labor and modern slavery
- Prioritize health & safety, promoting a culture of well-being
- Respect employees' right to organize and bargain collectively
- Raise awareness of labor and human rights among employees and stakeholders
- Provide living wages that foster financial security and dignity and conduct regular living wage assessments
- Protect data privacy through transparency and compliance with relevant regulations
- Create a safe and secure workplace environment for all
- Implement a confidential and responsive process for handling employee concerns
- Certify our operations in line with global labor and human rights frameworks

Equal Employment Opportunity

- The company provides equal employment opportunities to all employees and applicants without regard to race, colour, religion, gender, sexual orientation, national origin, age, disability. In addition, the company complies with applicable state and local laws governing non-discrimination in employment in every location in which the company has facilities. This policy applies to all terms and conditions of employment.

Child Labor

- We prohibit child labor in our operations and our value chain. Aligned Automation does not employ individuals under the legal working age in any jurisdiction where we operate, and is firmly committed to ensuring that children are safeguarded from exploitative work practices.

Forced Labor and Human Trafficking

- Aligned Automation is strongly committed to preventing and addressing forced labor and human trafficking in our operations and our value chain. Aligned Automation will not tolerate or support these harmful activities, and we are determined to make sure that our supply chain partners also adhere to these important rules.

Modern Slavery

- Aligned Automation is committed to preventing and addressing modern slavery in our operations and value chain. We do this by conducting thorough due diligence on our suppliers, performing regular evaluations, and providing awareness trainings to our employees and suppliers.

Working Conditions

- Aligned Automations recognizes that working conditions are essential to employee productivity and well-being. We are committed to providing our employees with a safe, inclusive, and supportive work environment that promotes creativity and wellness. We offer mental and physical health support facilities to enable our employees to thrive while upholding their rights and dignity.

Flexible Work Culture

- Aligned Automation offers flexible work arrangements, such as flexible hours, remote work, hybrid work, parental leave, and time off, to support our employees' well-being. We believe that a flexible work culture allows our employees to be more productive and engaged in their work, and to achieve a better work-life balance. We are committed to collaborating with our employees to formulate work arrangements that are mutually viable for them and for the company.

Career Development and Training

- Aligned Automation is committed to nurturing the growth and potential of all employees regardless of gender, age, or physical abilities. We provide comprehensive training, mentorship programs, and clear roadmaps for career advancement. We believe in creating a culture of continuous learning and development, where individuals are empowered to reach their fullest potential while upholding their rights to fair and equal opportunities.

Health and Safety

- Aligned Automation is committed to providing a safe and healthy work environment for all employees through the implementation of best practices, continuous improvement of safety protocols, and the active involvement of all employees in promoting a culture of safety and well-being. Aligned Automation has a comprehensive Health Safety and Environment (HSE) Policy that includes risk assessment, training, emergency preparedness, and incident investigation.

Freedom of Association and Collective Bargaining

- Aligned Automation respects the rights of our employees to freely associate, join unions, and engage in collective bargaining as permitted by local laws. We foster an environment of open dialogue and promote inclusivity by facilitating employee resource groups (ERGs) and forums, where employees can share experiences and contribute to our diverse and enriching workplace culture.

Training and Awareness

- We will provide training and awareness programs to educate our internal and external stakeholders about our labor and human rights policies and their importance in our organization.

Living Wages

- Aligned Automation is committed to providing living wages to all our employees, ensuring that their compensation not only meets or exceeds local minimum wage

standards but also enables a decent standard of living. We recognize that fair wages are a fundamental human right, essential for the well-being of our workforce and their families.

- Furthermore, we are dedicated to conducting regular living wage assessments to ensure that our employees continue to receive compensation that aligns with the ever-changing economic landscape and the cost of living.

Data Privacy

- Aligned Automation is committed to protecting the privacy and data rights of all individuals. We strictly adhere to applicable data protection laws and implement responsible and ethical data handling practices. Our dedication to data privacy includes transparent information handling, obtaining and respecting consent, robust data security measures, data minimization practices, employee training, and continual compliance updates. We view data privacy as essential to our commitment to respecting human rights and building trust with our employees, customers, and stakeholders.

Community and Stakeholder Engagement

- Aligned Automation is committed to working with our communities and stakeholders to uphold labor and human rights, and to create a sustainable and equitable future. We foster meaningful relationships and participate in initiatives that promote the well-being and rights of our employees, customers, and the communities where we operate. By engaging with stakeholders, we hold ourselves accountable and continually improve our practices in alignment with our core values of ethical and responsible business conduct.

Safe Workplace

- Aligned Automation is committed to providing a safe and secure workplace for all employees, visitors, and stakeholders. We prioritize security through comprehensive measures, regular training, and vigilant monitoring, fostering a culture of trust and well-being.

UNGC Alignment

- This policy was framed in consideration with the United Nations Global Compact (UNGC), a framework for businesses to commit to responsible and sustainable practices. We integrate the UNGC's principles into our corporate strategy and daily operations, contributing to a global effort to build a more ethical and sustainable business landscape.

Accountability and Reporting

- Aligned Automation will regularly assess and review its labor and human rights practices, ensuring compliance with all applicable laws and regulations. We encourage employees, customers, suppliers, and other stakeholders to report any concerns or violations of this policy through established channels, and we will investigate and address them promptly and confidentially.

Review and Compliance

- Aligned Automation maintains a steadfast commitment to upholding labor and human rights in every aspect of our operations. Our policy undergoes regular review to stay in line with legal requirements and industry norms, ensuring our workplaces are inclusive, respectful, and fair.
- We diligently follow local and international labor and human rights regulations, extending this commitment throughout our network of partners and suppliers. By adhering to our policy, we not only safeguard the rights of our employees but also promote ethical practices within the sector. Our enduring dedication to these principles underscores our mission to contribute to a more equitable world.
